Recommendation letter for GLASSCON – Premium Architectural Building Skins

Dear Sir,

I am writing this letter to recommend the services of GLASSCON.

We have been working with GLASSCON during 2016-2017, on the reconstruction of the façade of Green Plaza Office Complex in Maroussi, Athens.

During this project, GLASSCON was a very professional and reliable partner. Our cooperation with the company has consistently been good and pleasant.

The company offered high quality services while respecting time and budget limitations. They were always responsive to our requirements and followed the project timeline precisely.

Besides its professional approach, extensive façade-detail knowledge and expertise in sophisticated solutions, GLASSCON has also shown an ethically responsible approach, which combined resulted in impressive results.

I am happy to recommend GLASSCON for façade engineering works & contracting services and I am looking forward to working with the company again on future façade projects.

Sincerely,

John Kollias
Technical Manager
